Market Share Comparison (CY vs LY) - %

ALPHA POSITION

Growth (%): -14.3%

Market share change: -

ALPHA volume has declined; monitor competitive pricing and supply in this segment.

Key Takeaways for ALPHA

Overall Growth

ALPHA's total volume grew +41.7% YoY - the strongest performance among all OMCs, with market share up 6.2 points to 11.1%.

Products Gaining Share

HSD, MS, LDO, SULPHUR posted positive YoY growth, led by LDO and SULPHUR with triple-digit gains.

Watch List

SKO, SBP, LSHS, HEXANE saw volume declines YoY - these segments warrant focused commercial action.

Recommendation

Sustain momentum in LDO, SULPHUR and HSD; develop a recovery plan for LSHS, SBP, HEXANE and MS to defend overall market position.

Tools, Skills & Methodology

How this dashboard was built — on behalf of Parv Bhargava

1

Excel & Data Modelling

- Advanced Excel: PivotTables, INDEX-MATCH/XLOOKUP, what-if analysis
- Power Query for data cleaning & transformation
- Power Pivot / data modelling with relationships & DAX measures
- Dynamic charts, conditional formatting & dashboard layouts

2

Data Connections

- Connecting Excel/Power BI to source files, folders & databases
- Structuring raw exports into clean fact & dimension tables
- Building CY vs LY, growth % and market-share calculations
- Refreshable, template-driven reporting structures

3

AI-Assisted Workflow

- Claude — structuring data, generating this dashboard & slide design
- ChatGPT — formula logic, drafting & ideation support
- Perplexity — quick research & validating industry context
- Prompt engineering to turn raw data into business insight
